To whom it may concern

Re: Affiliation with Travelong, Inc.

We are International Tour operators, Wholesalers, and Fam Tour Opertors. Our former partner closed up shop and we needed a major player with workable contracts and a network second to none.

When we were referred to Travelong, Inc as a potential Independent Contractor arrangement, we were treated royally. Every door of every department was open to us and their assets were amongst the strongest in the travel industry.

It has been more than one and one-half years since we became affiliated with Travelong. From their President, Sam Jain, to their Vice President, Tom Clarke, and everyone else connected with this great company, we say " Thank You ". They have been responsive beyond imagination. Their connections have proved invaluable to get our groups booked abroad when it appeared it could not be done.. Their strengths became our strengths. When we advertise we are affiliated with Travelong, Inc. our agents feel secure and safe. They also know that the very best deal will be made to them through Travelong's auspices.

To potential " I.C 's ". affiliating with Travelong increases your chances of success manyfold. Take advantage of this opportunity.

We are available to convey our experiences to you.

Sincerely

Sheila & Bob Targan, Partners ( 301-651-9605 )
